

JGSLI Yearbook Project

JGSLI is collecting information about yearbooks (high school, college, other) and similar items owned by members. The listing of yearbooks with owners e-mail addresses will be placed on the JGSLI website as a resource for others. Submitting a listing means you have volunteered to be contacted by e-mail and are willing to provide a photocopy for the researcher. JGSLI is ONLY making the information available to researchers. Owners of the yearbooks are responsible for following up with the request. Only include yearbooks, alumni directories or other similar items you own or to which you have easy access.

Please complete the following information (use reverse side if more room is needed):

Your e-mail address (please update JGSLI with changes):
