## Тираспольское Кладбище «Дальнее» на Ближнем Хуторе Тирасполь, Молдавия

Final Report by Project Leader Inna Vayner, 07/23/2015

The project was conducted by Bessarabia SIG, JewishGen in 2014, 2015. All photographs were taken by Nukhim Kamenker, a local resident and a member of the Tiraspol Jewish Community.

The cemetery is located at Tiraspolskaya Street, Blijnii Hutor. It is a mixed cemetery, besides Jewish graves there are Russian and Germans as well.

Tiraspol - on the map. You see also towns of Chisinau, Balti, Ribnita in Republic of Moldova, Odessa in Ukraine.

Dates: Burials in this section are from May 1952. The cemetery has been closed for burials since June 1, 2012.

Language of the inscriptions: mostly Russian, some in Romanian and Hebrew.

Number of records uploaded to JewishGen JOWBR - 880. There are a number of images with unreadable inscriptions, some because the writing was damaged, others because the photograph was not good. Such images you can see at Bessarabia SIG website at Cemetery section or at [Unknown Graves at Tiraspol-Dalnee cemetery](#).
