

## Serghey Daniliuk

My name is Serghey Daniliuk. I was born and live in Causeni, Republic of Moldova. I'm historian and an IT engineer. Currently, I'm teaching at a lyceum and managing the local military and history museum. I'm interested in the history of my hometown and my country and particularly in the history of Bessarabian Jews. An exhibition stand in the museum is dedicated to the Jewish place Causeni. I'm holding Holocaust and Jewish History related events at the lyceum and the museum. I spend a huge amount of time on research and taking photos of Jewish cemeteries in Bessarabia.
