descendant of the Rabbi Mordekhai Jaffe (1530-1612) the " Levush" (don't know how.(

Yosef of Shveksna had another son:

his son Khaim Zev Wulf (died 1869) Rav of Shkud.

his daughter married Eliyahu-Barukh Kamai, Rosh Yeshiva Mir, descendant of

Avraham Ragoler, bother of the Vilna Gaon.

Eliyahu-Barukh Kamai's daughter married Eliezer Yehuda Finkel, Rosh Yeshivah

Mir. He has 1000 descendants.

Yosef Jaffe of Manchester was a brother of Velvel Jaffe of Telz ,

father of Barukh, father of Gitta Muskat, mother of our friends Joe and Edith Muskat of Petah Tikvah.

Attached is a family tree I drew up. It is in Hebrew so maybe Moish can translate it for you.

Your grand-daughter Bathseva has put the family tree on Geni to which I have added the Jaffe ancestry

I am also descended from the Jaffe family, so we are distant cousins!
