Description of Project or Funding Request in 300 words or less. Include responses to the following questions:

Project Description and Relevant Experience
Who will conduct the project? Where?
How is this project unique or similar to others that have been previously conducted by genealogists?
What will result from this project (i.e., article, lecture, index)? Who will benefit from the results of the project?
What is your previous experience in conducting projects like this?
Why should JGSGW fund this project?

Time Line
Why are you proposing this project at this time?
How will JGSGW know that your project is complete?
Please provide a brief time line that includes the approximate dates for the beginning and end of the project, as well as the timing of the finished product (i.e., article, book, index). Is there a deadline by which you must receive an answer? Please provide the deadline and explain.

Budget/Funding
How much are you requesting? What will you use the funds for? Have you applied to other sources for funding? Please describe other plans for funding the project. Please attach a budget, if appropriate.
How will JGSGW be recognized for its support of this project?
