

**Female Given Names
Hebrew and Russian and their Transliterations
from the Kremenets Vital Records**

Dr. Ronald D. Doctor, Co-Coordinator, Kremenets Shtetl CO-OP

The following table contains images of Hebrew/Yiddish and Russian given names that appear in the Kremenets, Ukraine vital records. It also includes the English transliteration of these names. All names in the table are from records that have been translated, edited and proofread. As we complete additional translation and proofreading, we will expand the list. The table is alphabetized according to the Hebrew given name. Names are from the following vital records of Kremenets:

Births: 1870 & 1871, 1893 & 1894
Deaths: 1870 through 1872

For the most part, we have used “phonetic transcription” to indicate how the Hebrew/Yiddish given names used in the Kremenets area would sound in English. The Kremenets Shtetl CO-OP document “*Kremenets Hebrew/Yiddish Transliteration Guidelines*” describes the techniques we used. It is available on our website:

<http://www.shtetlinks.jewishgen.org/Kremenets/>

Our Guidelines are based primarily on Alexander Beider’s book, *A Dictionary of Ashkenazic Given Names*, and on e-mail correspondence with Beider. However, in a few cases, we have used the YIVO guidelines for transliterating Yiddish and the ANSI “General Purpose” Z39.25-1975 standard for transliterating Hebrew. To resolve any remaining ambiguity in the Hebrew transliteration, we have used the Russian pronunciation as a guide to the English spelling. Please see the Guidelines for details.

For Russian, we have used the transliteration table from Beider’s book (p. 237). Sometimes the Russian genitive form is used in the vital records. In those cases, we have followed Beider’s advice and have presented the reconstructed nominative form in the Russian given name column, followed by the genitive form in parentheses. Similarly, if the Russian given name is in the form of a patronymic, the regular given name is listed first and the patronymic (or patronymic ending) is in parentheses.
